

# Make it a DATE NIGHT!

**MIC Seminar Follow Up Activity:** Plan an inexpensive date night for you and your spouse!

## GOALS

1. Create a date night that can be replicated for other couples.\*
2. Have fun!

## Set a budget.

\$20 or less.

(For those of you who can enlist grandparents as babysitters it is a win for grandpa and grandma and free. If you work it right they might keep them over night!)

## Plan the date.

Look through the suggested activities in the *Seminar Manual* and *Follow Up Manual* for date ideas. Use one of your favorites or one you haven't tried yet. Remember the price of admission has to be figured into your budget.

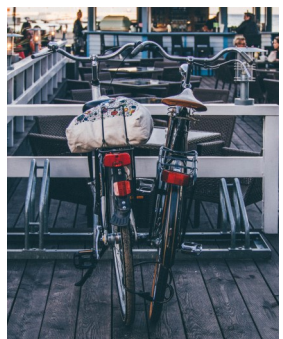

## Use one of these conversation starters on your date.

Fill in the blank:

One of the nicest things you have ever done is \_\_\_\_\_.

Without you I would have never \_\_\_\_\_.

The thing I love about you most is \_\_\_\_\_.

## Give us your feedback.
